Memorial Day Program Set

The annual Memorial Sunday Service, to which veterans of all wars are invited, will be held in the United Church in Ballardvale Sunday, May 29.

The annual services will begin at 11 a.m., and all members of the veterans organizations are requested to meet at their headquarters no later than 10:15.

That same weekend, May 28-29, graves of all veterans will be decorated with a flag.

Post 2128, VFW, will decorate the graves in the Old South, Christ Church and Spring Grove Cemeteries. Chapter 18, DAV, will care for the graves of veterans in the West Parish Cemetery. And Post 8, American Legion, will place flags on veterans graves in the Spring Grove Cemetery.

The next of kin of veterans of any war, who are buried in the town are asked to notify the Veterans Service Office of any oversight in the placing of the flags.

Plans for the Memorial Day parade and the services en route have also been completed.

Mrs. McCabe Leads Workshop

At the annual meeting in the Shaw Barn last week, both new and old board members of the Children's Theater Workshop gave a standing round of applause as Mrs. Samuel S. Rogers, founder of the Workshop, retired from the position of chairman, which she has held for the past five years.

The idea of bringing live theater to the young people in the community originated with Mrs. Rogers when she was chairman in 1955 of the fourth grade division of the Andover-North Andover Parents League. At that time outside Children's Theater groups, such as the Portland Players, were brought in to give performances, and a year later, under the tutelage of the Parents League, a few original plays and an adaptation of "Winnie the Pooh" were given. The last Parents League production was "Tang" in the Spring of 1957, and

5 Articles In Meeting Warrant

Trombly Given Bus Franchise

The Selectmen have given the Trombly Motor Coach Co. its franchise to operate over local streets, while providing express bus service to Boston.

Acting Monday night, the Board made it plain that buses must not operate on Central st., nor via Essex st. and Lupine rd., heading towards Dascomb rd.

An alternate route was stressed, that would have the buses proceed along present Route 28 as far as Route 125, there transferring to Route 93.

A special town meeting with five articles - four of them zoning - will convene at 7:30 the night of June 6 in Memorial Auditorium.

Planning Board hearings on the four zoning articles will be held Saturday, June 4, under statute requirements that the articles be heard and that the Board must report to the town meeting on them.

The first article will involve the proposed country club in West Andover - a plan that has obtained the unanimous approval of town boards and officials. Although a special zone will not be created, the voters will be asked to amend the residential zone by-law allowing a country club land use, providing construction starts within a specified time.

The Selectmen designated the only non-zoning article as number two in the warrant. It requests adoption of a statute that allows the town to pay vacation wages in advance - a custom here for many years.

Dimlich Case To Court Soon

The first steps in getting Superior Court action in the Dimlich case are underway.

It is understood that attorneys for Mr. Dimlich are completing their research and will be filing the suit soon. When this is done, the case will be placed on the court calendar for action.

Special Counsel Fredric S. O'Brien, representing the School Committee, said that the suit has been agreed upon, and that to this extent it is a cooperative venture to clear up the legal problems.

In this type of legal action, he explained, both sides agree to most of the facts and ask the court to provide an opinion.

Good News Travels Fast

News travels fast, specially good news.

When members of the Junior Red Cross washed car windshields along Main st., to create interest in the visit of the Bloodmobile April 12 and 13, it was an interesting local stunt.

But it swiftly took on more importance than that, reaching all the way to Bloomington, Indiana.

The big daily in that community front-paged the story April 22, in a column called "Roundin the Square" - and suggested it might be a worthwhile activity before that city's Bloodmobile visit.

Dr. Brown pointed out that one half of the present dues go to state and national P.T.A. For this money, the group has the opportunity of attending conferences and workshops and various publications are sent to the board. The present board has not discussed the possibility of withdrawing from the P.T.A. state and national organization.

Many Object To Pit Continuance

Renewal of an expired gravel
pit permit for the Essex Sand and
Gravel Co. drew heavy objections
at a hearing Monday night - with
residents of Ballardvale rd. and
Sunset Rock rd. complaining
strongly about noise, wind-blown
sand and traffic hazards.

Dr. Harry C. East led the opposi-
tion, explaining that the heavy
trucks grind slowly up the hill from
7 a.m. until late afternoon, for nine
months or more of the year.

And he offered to pay the ex-
penses of the pit owners if they
will spend a day sitting in the East
home, listening to the racket, to see
whether it actually is objectionable
or not.

Other residents protested the
noise, and commented sharply
about sand sifting off the trucks,
which primarily haul to the com-
pany's hot top plant in Peabody.
And on windy days, the neighbors
claimed, much more sand finds its
way to the roadside and onto the
lawns and porches along the way.

Traffic was also pointed out as
a problem, with some residents
objecting to the trucks wheeling
out of gear on the return trip,
picking up what they believe to be
an unreasonable speed down Bal-
lardvale rd.

Speaking for the pit was Mr.
Drislane, one of the principals in
the company. He said truck opera-
tors have been instructed to cover
all loads and promised this would
be enforced. He told the Selectmen
that the pit has about five years left
to run, but agreed that some por-
tions have already been worked out.

Selectman William Stewart pressed
to have these sections restored
properly.

During the discussion the Select-
men clamped down on the opera-
tion, pending renewal of the pit
permit or legal advice that would
allow a continuation of the opera-
tion.

On the grounds that the permit
expired, with hauling continuing
without the permit, the Selectmen
told Mr. Drislane to halt all opera-
tions.

He suggested that an area of
some 10 acres - taken and paid for
by the town as a site for one of
the new wells - could be worked in
the meantime, because an agree-
ment with the town gave the com-
pany the right to remove the sand.
Legal advice was to be sought on
this point, with hauling at a halt
until it was obtained.

Whether the pit gets its renewal
license or not depends in large part
on the sub-committee in charge of
gravel pits. This three-member
group will investigate conditions at
the pit and the complaints of resi-
dents before making recommenda-
tions to the entire Board.

Thrilling Finish At Track Meet

In a spine-tingling finish, An-

slightly at the tape.

Amesbury was the pre-meet
favorite - with three conference

Street Survey Will Begin

Several of Andover's "private
ways" that have been considered
as public streets for years will be
surveyed this summer for accept-
ance at the next town meeting.

Town Manager Thomas E. Duff
told the Selectmen Monday that he
has been discussing the problem
with Ralph Brasseur, a Haverhill
engineer.

Some \$2,000 was appropriated at
town meeting for the continuing
project. Town Counsel Fredric S.
O'Brien has told the Board that
the streets must be laid out before
they are accepted, regardless of
how long they have been considered
as public.

Duff said he plans to take as many
of the streets as possible, starting
with those that will be easiest to
survey and where water and sewers
already exist.

Goodwin Named To Planning Bd.

Robert G. Goodwin, 82 Central st., a civil engineer, has been appointed to the Planning Board.

The Selectmen confirmed the appointment Monday night, acting on Town Manager Thomas E. Duff's decision.

Goodwin is the son of Clinton Goodwin of Haverhill, well-known engineer. The vacancy on the Board was created by the resignation of Donald G. Thompson.

In other appointments, the Selectmen approved the naming of John Hewitt, 8 Elm st., Land Acquisition Committee replacing Mr. Thompson. Heinrich Rohrbach was appointed to the Conservation Commission created at town meeting, as was the president of the Andover Sportsman's Club, by virtue of the office.

Last week, appointments were made by Moderator Charles G. Hatch to the committee to study the over-all cost of new homes to the town.

Named were Henry M. Wolfson, Arthur W. Ermer, Arthur L. Harper, William B. Leong and Robert Henderson.

The committee was formed on suggestion of Harold Rafton. It will seek to determine how much a new home costs the town.

TROMBLY GETS BUS FRANCHISE

(Continued from Page One)

Town Manager Thomas E. Duff reported that Trombly plans three or four buses a day, with stops in the vicinity of Poore st. and the Library.

Duff said the firm already has permission to operate from North Andover, Tewksbury, Wilmington, Reading, Stoneham, and Winchester. Applications have been made to Boston, Lawrence and Methuen, he stated.

After these have all been granted, Trombly's petition to the state Department of Public Utilities will be heard. This agency must grant approval for any transportation facility.

Trombly has said that his buses will make the run to Boston's Park Square in 35 minutes from Andover, once Route 93 is completed. The ride will take somewhat longer, he pointed out, when the buses must use the new road only as far as Stoneham.

An All-Family Affair

Another example of the penetration of the CO-OP idea into family life is the Grillo family of Sherry Drive.

Not only are Henry and Lola Grillo members of the CO-OP, but each of the four children is also a shareholder in the source of the family's food supply. Henry is a special agent of the Treasury Department. Peter attends Phillips.

Mrs. Grillo likes to Shop CO-OP because it is so convenient, because she can get all her needs there, because the atmosphere and people are so friendly. She stocks up at the CO-OP for her summer camp at Seabrook.

With many, many hundreds of local members, it is obvious that the CO-OP enjoys breadth of acceptance. But the CO-OP idea also has depth of penetration in local family living.

DIMLICH CASE
TO COURT SOON

(Continued from Page One)

Whether the case can be placed on the calendar for action before Fall is anyone's guess. Mr. O'Brien said he could not even guess whether this can be done, or when it will come up for argument and decision.

The basis of the suit is Mr. Dimlich's tenure, or lack of it, as principal of the Junior High. The School Committee voted, 3-2, not to elect him for the school year beginning in September - the step that would normally have given tenure. It is understood that service as acting principal some years ago, plus the recent experience, are being used as grounds for claiming that tenure already

A move that the chairman of the School Committee felt could prevent the continuation of the legal action was forestalled at last week's special School Committee meeting.

Although the session was called primarily to consider recreation problems, Secretary William A. Doherty made a motion to insert an article in the special town meeting warrant for \$5,000 for legal fees.

Chairman Milton J. Meyers said he believed the action to be unnecessary, and stressed that the meeting could possibly put an end to the legal work by refusing to appropriate the funds.

Member John Sullivan said the Finance Committee could be asked to provide the money in the emergency.

Mr. Doherty argued that there was no emergency; that the majority of the Committee knew what it wanted to do prior to town meeting last March. He said there should have been money put in the budget for the legal fees then.

Chairman Winthrop Newcomb said the FinCom does not desire to insert itself into the matter, and will not take any action unless specifically requested to do so.

Thomas Mellon Evans, president of the H. K. Porter Co., and national chairman of the Andover Parents' Committee.

The building, which will be dedicated officially in the Fall, will be called Henry L. Stimson House in memory of Mr. Stimson, an Andover alumnus who served in the Cabinet of three presidents and who served as President of the Board of Trustees of the Academy.

EDITORIAL THOUGHTS

Needed: Decisive Action

If ever there was a need for decisive action, now is the time.

Town Manager Thomas E. Duff should, by virtue of his ultimate authority, direct the Planning Board and Industrial Commission to reach a decision on the type and extent of zoning along Route 93 and its interchanges. And possibly a time limit should be placed on the deliberations of those two official groups, so that a workable plan will be presented by Fall.

Then perhaps it would be reasonable to have one special town meeting, at which all the zoning articles can be considered apart from all other subjects.

We've noted in the past that zoning articles at the annual town meeting fall well back in the warrant — so that essentially only those with special interest in zoning remain to vote on the issues. In many cases the zoning articles have been taken up at the adjourned sessions, when fewer voters attend.

Thus it seems reasonable to assume that a special meeting for all zoning changes would attract as many voters as are interested.

Confusion over present proposed changes certainly could be eliminated, if all of the proposals except the country club are held up until a Fall meeting. At that time, we would anticipate that a workable plan can be available, and that it will have the support of both the IDC and Planning Board.

Mr. Duff needs to assume some leadership here, and tell the two groups to get to work now on this problem, and continue with it until it is settled. Otherwise we'll be continually plagued by requests for changes, and a stream of special town meetings to consider them.

How many attractive businesses or industrial prospects will be knocking at our door in those intervening months? It's costly and unnecessary to hold the special meetings for them as they come up — and unfair to the town and the businessmen to put everything off for the next 10 months.

Let's Settle The Issue

A tongue-in-cheek motion to have a special town meeting decide on legal fees for Atty. Fredric S. O'Brien, who represents the School Committee in the Dimlich controversy, was defeated at a special Committee meeting last week.

Secretary William A. Doherty wanted the Board to insert an article in the warrant of the June 6 meeting for an appropriation of \$5,000 for fees — on the stated grounds that the money could not properly be provided by the Finance Committee under any emergency clause.

Chairman Milton J. Meyers and Member John Sullivan promptly objected — both on the grounds that the money could be obtained by transfer under emergency provisions and in the belief that the voters might cause a cessation in the legal maneuvering by failing to vote the money.

The latter reason, we assume, is at least based on fact. It's a pretty fair bet that this question, if included in the warrant, would attract hundreds of persons and, we'd guess, the appropriation would fail.

But this would be an unsatisfactory way for the question to be answered. In our opinion, only the legal decision promised by the principals can clear the air. For the voters to step in, in a partisan attitude, and stop the case now would leave Mr. Dimlich's status completely in the air, and the citizenry as much confused as ever.

Thus, while we can understand and appreciate Mr. Doherty's intentions, it appears that the decision was sound.

Strictest Control Needed

Gravel pit control still looms as a major responsibility of the Selectmen.

But, unfortunately, it is a task that, in its day-to-day activity, doesn't quite belong to that Board.

While present town by-laws call for the Selectmen to hold the hearings, and grant the permits, it appears that the required close supervision of the pits can best be done some other way.

Perhaps the building inspector should be given the authority by the Selectmen, and with the advice and guidance of the manager. For it seems that absolute supervision could eliminate many of the complaints that become, at hearing time, major reasons for refusing to renew the permits.

Residents who have legitimate objections to some phase of the operation would thus have one person to talk

to. And if this person had authority, he could probably straighten out many of the misunderstandings that develop.

However it's done, some sort of complete control is essential.

Witness the fact that the Essex Sand and Gravel Co. has been operating without a permit — and was informed Monday night that it must cease operations until the new permit is issued. The decision was announced Monday, yet the firm has not had its permit for some time. One person, responsible for day-to-day pit control, would have presumably called this to the attention of the Board the instant the old permit expired. And the operation could then be called to a halt until the mechanics of requesting a renewal had been followed, and a decision reached.

If the town intends to allow gravel pits at all, then the strictest control is necessary in the best interests of the town itself and all of its citizens.

Down the Years with The Townsman

50 Years Ago — May, 1910

Roy H. Bradford and family have moved from Florence st. to Salem st.

The Phillips Academy baseball nine will meet the Harvard varsity team Monday morning at 10 o'clock on Brothers Field.

Frederick E. Newton, instructor at Phillips Academy, is intending to spend the next week abroad.

Several townspeople attended a house warming held Thursday evening for Mr. and Mrs. Albert Trull of Tewksbury. Mrs. Trull is one of the daughters of S. H. Bailey.

Miss Mary E. H. Dern, instructor in mathematics at Pynchard School, will sail for Europe June 2. Miss Madeleine Hewes has been appointed a substitute for the balance of the term.

H. S. Wright is to move shortly into the store formerly occupied by Andrew Basso.

25 Years Ago — May, 1935

The PLS Fraternity House at Phillips Academy was badly damaged by fire Monday night. The fire department responded to one alarm and extinguished the blaze. Later in the evening, the fire broke out again. Total damage is estimated at between \$6,000 and \$6,500. Fire officials said careless disposal of a cigarette probably started the fire.

The Eastern Mass. has indicated that it will try an experiment in another, larger community to see whether five cent fares will pay. If they do, then the attempt will probably be made on the run from Shawshen Village to the Square. A company spokesman said the firm would lose \$50 daily if it charged only five cents now, based on the current number of passengers.

Raymond Hoyer has, under his care, two of the Eskimo huskies recently used by Admiral Byrd on his 88-day trip to Queen Maud Range. The dogs, "Pop" and "Pony", helped haul the sledges. A North Andover man, who went on the expedition, brought home six of the dogs.

Over 600 persons attended, and indicated their appreciation of, the annual Garden Club flower show, held on the estate of Alfred Ripley. Many compliments were heard on the many and unusual flowers.

10 Years Ago — May, 1950

The Methodist Church in Ballardvale will hold its centennial celebration this weekend. Bishop John Wesley Lord will participate in part of the program.

The plans for the Visiting Nurse Association are coming along nicely. The Red Cross will not provide this service after June 1, and a Committee from the Service Club has been working on the problem.

The League of Women Voters, meeting at the Log Cabin, has elected Mrs. Dudley Fitts as president.

Andover police pulled a body from the Merrimack River Sunday morning near the Shattuck farm, after being notified by Methuen residents who saw it. The body was that of a Lowell man, reported missing some days ago.

Andover police were involved in a spectacular chase early Sunday morning, when a car reported stolen in Boston, and driven by a New York resident, nearly ran down an officer on North Main st. The cruiser took up the chase all the way into Lowell, where police were waiting. However, the driver smashed into the Lowell cruiser and continued into Kearney Square, where he hit a parked car. In addition to charges brought by Lowell police, the local department will have some.

The Men's Club of the Baptist Church will hold a bakery sale in the vestry Saturday afternoon.

School Menu

The public school menu for next week follows:

Monday — fruit juice, pepper steaks on buttered roll, green and wax beans, potato chips, peach upside down cake and milk.

Tuesday — meat and vegetable pie with pastry crust, whipped potatoes, Vienna bread and butter, fruit and milk.

Wednesday — baked beans with frankfurts, ketchup, cabbage, carrot and celery slaw, Italian bread and butter, deep dish apple pie and milk.

Thursday — oven fried chicken, cream gravy, mashed potatoes, parried carrots, buttered dinner roll, fruit hermits and milk.

Friday — fish sticks, oven browned potatoes, butter peas, whole wheat bread and butter, butterscotch pudding and milk.

Programs Ended

The following programs, which have been in effect during the past autumn through spring season, have been discontinued for the summer: all groups of Littlest Listeners, monthly movie hours, and, for the time being, regular story hours. The Great Books Discussion Group will announce its fall opening date in the future.

Library Closed

Memorial Day, May 30, all departments of the library will be closed. No books should become due that day, but if borrowers wish, they may leave their books in the street return box, or in the door slot. Recordings and periodicals must be returned to the desk when the library is open, to prevent damage.

Ballardvale branch library will be open Tuesday, from 2-5 and 6-8, as is the custom when the usual opening day falls on a holiday.

Borrowers Cards

The use of borrowers' cards at the Memorial Hall Library has been in effect for several days. Readers simply present the small, wallet size card when they wish to borrow any item, book, magazine, recording, etc. The borrower's card and address are clearly typed in large print and will end the need for the attendant at the desk to ask for name, spelling, address, etc. The card system is proving to be a time saver for the reader, and should mean greater accuracy in charging.

Those who have not yet picked up their cards should do so as soon as possible.

COMING EVENTS

Library closed, Ballardvale branch library closed, Ballardvale branch library open 2-5, 6-8.

Programs Ended

The following programs, which have been in effect during the past autumn through spring season, have been discontinued for the summer: all groups of Little's listeners, monthly movie hours, and, for the time being, regular story hours. The Great Books Discussion Group will announce its opening date in the future.

Library Closed

Memorial Day, May 30, all departments of the library will be closed. No books should become due that day, but if borrowers wish, they may leave their books in the return box, or in the door.

Recordings and periodicals must be returned to the desk when the library is open, to prevent damage.

Borrowers Cards

The use of borrowers' cards at the Memorial Hall Library has been in effect for several days. Readers simply present the small, flat size card when they wish to borrow any item, book, magazine, recording, etc. The borrower's card and address are clearly typed in large print and will end the need for the attendant at the desk to ask name, spelling, address, etc. The card system is proving to be a saver for the reader, and could mean greater accuracy in borrowing.

Those who have not yet picked their cards should do so as soon as possible.

Recent Books On Scientific Subjects

Here are a few books which will appeal to those of a scientific turn of mind: The Stars Are Your Friends; Rays; Visible and Invisible; Reinhold; Handbook of Chemistry and Physics, Chemical Rubber Company; Earth's Shifting Crust; Hapgood; Sand Country Almanac; Leopold; Fieldbook of Natural History, Palmer; History of Biology, Singer; Cells and Society, Bonner; From Fish to Philosophy, Smith; Reading The Landscape, Watts; Machine Shop Operations And Set-Ups, Porter; Rocket Encyclopedia, Herrold; Space Handbook, U. S. Select Committee on Aeronautics and Space; Cosmic Zoology, Ley; Physics of Television, Fink; The Helicopter, Piro; Exploring With Your Telescope, Corrington; Symposium: Basic Research 1959; Underwater Treasury, Cousteau.

Little League

The Red Sox and Yankees are in for first place this week, both sporting a 3-1 record. The defending champions, the Braves, are in third with a 2-2 record. The White Sox are 2-2, the Cardinals, 2-2 and Cardinals, 2-2. Outstanding during the past week was a game-saving catch by Duke in the sixth inning of the Sox-White Sox tilt.

Some runs have been smothered by Chris Gurry, with two; by Jim Brennan, Gerry Petraitis, and Joseph Richard. Results of games last week were: Red Sox 8, Cards 6; White Sox 5, Braves 1; Giants 7, Red Sox 5; Braves 5, Braves 0; Giants 2, Red Sox 6; White Sox 9, Cards 3. On tap tonight are two games: Braves vs Yankees at Woburn; White Sox vs Cards at the playstead.

Mrs. Otto Heads DAR

The annual meeting and election of officers of Priscilla Abbot Chapter, N.S.D.A.R., was held at the home of Mrs. John Murray, 27 Summer st., May 10.

Mrs. Hayes read excerpts from a paper on "Taxes". The secretary's and treasurer's reports for the month were read and approved. Mrs. Edward Thompson reported on the two bus

trips to Boston's historic places, taken by the fifth grades of the Andover schools and told how pleased the children were.

An amendment to the national by-laws, raising the national dues, was read, and while the raising of the Chapter dues was not favored, it was approved as a necessity to keep the Chapter in funds.

O'Connor; American Indians, Mrs. A. Marshall Jones; publicity, Mrs. Ernest C. Edmonds; historian's, Mrs. Edwin Lewis; Good citizen, Mrs. John Murray.

POPPY DAYS ARE FRIDAY, SATURDAY

Post 8, American Legion,
will hold its traditional Poppy
Days Friday and Saturday.

Finance Officer Irving J.
Whitcomb has pointed out that
the Poppy Day funds are used
for the benefit of veterans,
and are made by disabled
veterans for the Legion.

Members of the Post will be
on Main st. both days, selling
the poppies. The effort Satur-
day is being made in conjunc-
tion with Armed Forces Day.

5 ARTICLES IN WARRANT

(Continued from Page One)

A shopping center district in the
Pascomb rd. area, near the inter-
change with Route 93, is the third
article. This has been proposed so
that a motel with restaurant facili-
ties can be erected.

Article four will call on the
voters to re-zone an area at the
junction of Stevens and North Main
sts. to business - at the request of
the Clark Motor Co. Land use in
the area is partly business and
partly residential.

The fifth article concerns a re-
quest for an apartment district off
Morton st., in the general area of
the veterans' housing project and
the housing for the elderly. The
D'Annalfo Brothers of Stoneham
have made this request - indicating
that they will build about 50 apart-
ment units on a six-acre site that
is now under option from Phillips
Academy and Joseph Campopiano.

The Planning Board has stated
that it would insert none of the
zoning articles in the warrant with
the exception of the country club.
The others have been placed in the
warrant after the proponents ob-
tained the necessary number of
signatures and provided the town
with properly-worded articles for
discussion.

cord shows Pike beating Belvidere

MRS. McCABE LEADS WORKSHOP

(Continued from Page One)
after that the new and independent Children's Theater Workshop was formed.

Since then they have presented such plays as "Rumplestiltskin", "The Ghost of Mr. Penny", "Alice in Wonderland", "Tom Sawyer", "Sleeping Beauty" and a set of three one-act plays. In addition to giving the young people in the community an opportunity to act in

plays, the Workshop also stresses the importance of and teaches members the countless other phases of theater activity such as makeup, scenery building, costume and prop collecting, poster designing and ticket handling.

In 1958 the Workshop obtained, and fixed up for use as their headquarters, the old Shaw Barn on Main st. Play directors in the past have been Mrs. William Edwards, Ralph H. L. Symonds, Mrs. Blaine Saunders and, this past year, Mrs.

Philip Vigeant, the new manager of the Workshop.

Mrs. Rogers will remain on the board as chairman of the nominating committee. Following her inspired leadership will be Mrs. Frederic McCabe as chairman of the Board of Directors. Others on the new executive board will be Mrs. Hugh Morse, assistant chairman; Mrs. Waters Kellogg, recording secretary; Mrs. P. Hayden Clark, corresponding secretary; Mrs. Sherman Drake, publicity; Mrs. Samuel Rogers, nominating; Mrs. James Wilson, house director; Mrs. Thayer Warshaw, treasurer; Mrs.

Vincent Stulgis, tickets; Mrs. Dudley Robinson, by-laws and policy; Mrs. John Cole, director-at-large; and Mrs. Philip Vigeant continuing as manager.

Those present at the annual meeting in addition to the above were Mrs. J. Allyn Bradford, Mrs. Brooks Whitehouse, Mr. and Mrs. William Stevens, Mr. and Mrs. William Edwards, Mrs. Arlie Huff, Mrs. Valdemar Johnson, Mrs. Samuel Resnick, Mrs. James D. Wilson, Mrs. Gilbert Bieger, Mrs. Gordon Cannon, Mrs. Harold Nader, Mrs. Frederick Kimball, Mrs. Robert T. Hodges, Mrs. James Grew, Mrs. Harry Loebel, Mrs. Ralph Robbins, Mrs. Philip Chenevert, Mrs. Harry Axelrod and Mrs. Alfred Fuller.

MEMORIAL DAY PROGRAM SET

(Continued from Page One)

The main service, at the Memorial Auditorium, will be in charge of Chapter 18, Disabled American Veterans. The Rev. J. Allyn Bradford will lead the prayer and Commander George B. Lumb will welcome the gathering. General Otis Whitney, State Commander of the DAV, will be the main speaker. The Lawrence Concert Band will play the National Anthem, and Post and Auxiliary commanders will place the wreaths. The Rev. Frederick B. Noss will give the benedic-

tion. The DAV firing squad will fire a volley, and Taps will be sounded by buglers of the Sacred Heart School Band.

The initial service, at the Memorial Hall Library, will be the responsibility of the Legion. The Rev. Donald J. Ryder will offer prayer and the All-Girl Band will play the National Anthem. Commander Albert Cole Jr. will place the wreaths. The Legion firing squad will fire a volley and Taps will be blown by the buglers in the school band.

At the Memorial Tower—the last of the three services along the parade route—the Rev. A. Graham Baldwin will offer prayer; the Lawrence Concert Band will play the National Anthem; wreaths will be placed by the commander and Auxiliary president; and following a volley, Taps will be sounded by buglers from the Lawrence band. The Veterans of Foreign Wars are in charge of this service.

Select Students For Boys' State

Jonathan Langdell and Robert Sandarg have been chosen to attend Boys' State at the University of Massachusetts in Amherst.

The boys are sponsored by Post 8, American Legion, and by the Andover Service Club.

However, selection of the students is made by the school and is based on qualities of character, leadership, and scholastic attainment. Only juniors are eligible.

Arthur Coleman, who has for many years been affiliated with the program, announced the selection. Sandarg, 1 William st., and Langdell, 76 Clark rd., will join several hundred boys from throughout the state. From June 17-25, the boys will conduct simulated affairs of government, elect their own state offices, and take part in instructional and athletic programs.

Two of the boys from the Massachusetts Boys State will be selected to attend the program in Washington, D. C. later in the year.
